READING

Read the text about William Shakespeare. Are these sentences true (T) or false (F)?

William Shakespeare is the most famous of all English writers. People say that there are two books you will always find in an English home, The Bible and the Works of William Shakespeare.

Shakespeare was born in Stratford-on-Avon in 1564 and died there in 1616. He married Anne Hathaway. For some time he worked as a teacher in the neighborhood of Stratford-on-Avon.

In 1586 Shakespeare moved to London where he worked as an actor at the Globe Theatre. He started to write plays and poems. Shakespeare continued to work as an actor, even after he became a successful playwright. He wrote thirty-eight plays. The most well-known ones are "Romeo and Juliet" and "Hamlet, Prince of Denmark". Shakespeare's plays are still popular, five hundred years after his death, because they tell powerful stories in beautiful, poetic language. They have been translated into many languages and are performed all over the world. Many film and television versions of Shakespeare's plays have been made.
